S.B. 1303

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Concerned parties observe that property owners are affected by zoning regulations of a municipality when a property owner's land is within a municipality's extraterritorial jurisdiction (ETJ). Intentionally or not, municipalities do not communicate with an owner of a property in their ETJ when the municipality is considering changing zoning regulations. The result is a municipality not informing all property owners impacted by a municipal zoning regulation.

S.B. 1303 addresses these concerns by making changes to law, including certain municipalities creating, maintaining, and formatting maps of the municipality and the availability to the public of maps of the municipality. Including other provisions and changes in law, S.B. 1303 provides that certain municipalities must give advance written notice to each property owner in any area that would be newly included in the municipality's extraterritorial jurisdiction as a result of the proposed annexation.

As proposed, S.B. 1303 amends current law relating to maps of the actual or proposed boundaries and extraterritorial jurisdiction of a municipality and certain notices related to expanding the boundaries.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
