AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Battleship Texas is the last remaining battleship that participated in both World War I and World War II. Currently docked in the Houston Ship Channel and under the responsibility of the Texas Parks and Wildlife Department (TPWD), the Battleship Texas is a priceless historical asset that many generations of Texans have grown up visiting. However, the battleship's current conditions (rust and water inundation) have become a challenge for the state and for TPWD. Interested stakeholders have come together and determined that the best course of action for the future preservation of the Battleship Texas is to enter into a memorandum of understanding to transfer the Battleship Texas to a qualified nonprofit foundation. (Original Author's/Sponsor's Statement of Intent)

S.B. 1511 amends current law relating to the operation of the Battleship "Texas."
