AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

S.B. 2445 amends the Special District Local Laws Code to create the New Park Municipal Management District within the corporate limits of the City of Dallas, subject to voter approval at a confirmation election, to provide certain improvements, projects, and services for public use and benefit.

The bill provides for, among other provisions, municipal management district powers, including water district powers, road district powers, public improvement district powers, and district eligibility for inclusion in special zones under the Tax Code. The bill allows the district to form a nonprofit corporation for the implementation of services, contract to provide law enforcement services, and engage in economic development programs. The bill also provides for the annexation or exclusion of district land and dissolution of the district.

The district's powers and duties include, subject to certain requirements, the power to levy taxes and impose assessments and the power to issue obligations secured by ad valorem taxes, assessments, or any other district source of revenue. The district may issue bonds in the manner provided by Chapter 372, Local Government Code, only if the improvements financed by those bonds will be conveyed to or operated by a municipality or other retail provider pursuant to an agreement with that entity. Voter approval at an election is required for the district to impose an ad valorem tax or operation and maintenance tax. The bill prohibits the district from exercising the power of eminent domain.

Certain tax exempt properties will not be subject to any assessment, tax, fee, or other revenue source charged by the MMD. The bill provides for municipal oversight. (Original Author's/Sponsor's Statement of Intent)

S.B. 2445 amends current law relating to the creation of the New Park Municipal Management District; provides authority to issue bonds; and provides authority to impose assessments and fees.
