AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The Centers for Medicare and Medicaid Services (CMS) approved a five-year renewal of the Texas 1115 Transformation Waiver in 2017. The renewal continues Medicaid managed care statewide along with the Uncompensated Care (UC) pool and the Delivery System Reform Incentive Payment (DSRIP) program pool.

The current waiver plan reduces UC payments and eliminates DSRIP payments altogether. Considering the significant importance of these waiver programs and funding to the state's health care system, legislative oversight and guidance is needed to address the challenges presented by the current waiver agreement and the upcoming negotiations to renew the waiver in 2022.

S.B. 2480 would amend the Government Code, Chapter 531, to establish the Joint Medicaid Waiver Renewal Legislative Oversight Committee to provide this needed guidance and oversight.

As proposed, S.B. 2480 amends current law relating to the establishment of the Medicaid Waiver Renewal Legislative Oversight Committee.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
