AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

S.B. 2163 creates Montgomery County Municipal Utility District No. 199 (district). The district will encompass approximately 310.3 acres of land located within Montgomery County, Texas. The district is located within the extraterritorial jurisdiction of the City of Houston, Texas.

S.B. 2163 is a standard template bill and provides for water, sewer, drainage, and road facilities (facilities), which need to be secured because the land to be located within the district will be developed for residential purposes. S.B. 2163 follows the template in all regards, except that it provides the district with the authority to divide into two or more districts.

The district is created under Water Code provisions applicable to all water districts and to municipal utility districts and under constitutional provisions relating to conservation and reclamation districts. The district will have standard road powers and must comply with all applicable road standards.

The district will have the authority to issue tax-exempt bonds to purchase, acquire, or construct the facilities. It is also necessary to empower the district with authority to impose a tax and to grant the district a limited power of eminent domain. The bill provides for the creation, administration, powers, duties, operation, and financing of the district.

As proposed, S.B. 2163 amends current law relating to the creation of the Montgomery County Municipal Utility District No. 199, grants a limited power of eminent domain, provides authority to issue bonds, and provides authority to impose assessments, fees, and taxes.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
