### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

H.B. 347 of the 86th Legislature helped to restore some landowner rights by eliminating unilateral annexation by any home rule city in Texas. However, the new statute has also resulted in obstructing annexations that are agreed to by all parties. Included in the new statute was the repealing of cities' ability to include a state road right-of-way in an annexation. The end result is that the Texas Department of Transportation does not have the legal authority to consent to annexations that include a state road right-of-way, leaving many annexation plans across the state unable to be completed.

S.B. 374 restores cities' ability to complete their annexation process by allowing a state road right-of-way to be included in their annexation authority.

C.S.S.B. 374 amends current law relating to municipal annexation of certain rights-of-way.
