AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Current law has numerous statutory programs and reporting requirements for the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC). Some of these programs are no longer funded or were never implemented due to a lack of funding.

S.B. 970 repeals several defunct programs, unfunded mandates, and antiquated reporting requirements that are currently required of DSHS and HHSC. By repealing these requirements, S.B. 970 seeks to modernize state law to more accurately reflect the current functions and statutory requirements of DSHS and HHSC.

(Original Author's / Sponsor's Statement of Intent)

S.B. 970 amends current law relating to the repeal of certain provisions related to health and human services.
