Related Categories: 87th Session, Legislation

Following each legislative session in Texas, organizations, state agencies, and other entities publish "wrap-ups" summarizing new laws and key legislative developments in areas ranging from education to real estate to water conservation. Wrap-ups can range from a simple list of bills to a detailed report that includes background information and expert analysis.

The LRL tracks legislative wrap-ups, as we find them to be an excellent research tool and summary of the topics covered during a particular session. Listed below is a short selection. To find one on a topic that interests you, check the websites of organizations or state agencies that focus on the issue, or [contact](#) the library for assistance.
