Happy anniversary to us!
The Legislative Reference Library marks its 50th anniversary as an agency this September. The Legislative Reference Library was created as "an independent agency of the legislature" by [Acts 1969, 61st Leg., p. 154, Ch. 55 \(Senate Bill 263\)](#),

As noted last week, we are currently marking our anniversary year with a [renovation project](#)—but we will continue to offer reference, research, and other library services while we are relocated. We look forward to many more years of serving the legislative community!
