The 86th Regular Session ends Monday, May 27. As the end of session nears, many House and Senate members have been appointed to conference committees to resolve differences between their versions of bills. For information on the conference committee process, please see [The Legislative Process in Texas](#).

To see a list of bills for which a conference committee was requested, please [click here](#). Upon receiving completed conference committee reports, the LRL scans and posts them in our [conference committee reports database](#). These reports, as well as a list of the members of a bill's conference committee, also are listed in the [Texas Legislature Online](#) record for each bill.

The chart below provides a snapshot of bill statistics as of 10:10 a.m. today.
