**This blog post is the third in a series, with previous posts on [legislative spouses](#) and [legislative siblings](#), and a post to come on other family connections. We've attempted to identify all of the legislative parents/children, but let us know if you think we missed some! This information is provided as a public service by the Legislative Reference Library. [^]Many of the fathers and sons were "Senior" and "Junior," or at least shared the same first name. If we did not find indication of nicknames, we used "FirstName, Sr./Jr." on the second reference. In cases where we believe legislators had a preference for a nickname or abbreviated name, we used that name on the second reference.
