*Many of the fathers and sons were "Senior" and "Junior," or at least shared the same first name. If we did not find indication of nicknames, we used "FirstName, Sr./Jr." on the second reference. In cases where we believe legislators had a preference for a nickname or abbreviated name, we used that name on the second reference. Names are in chronological order within family groups. We've attempted to identify all of the legislative extended families, but let us know if you think we missed some!
