Use the [Texas Appointment System](#), under the *Legislators & Leaders* tab on the LRL's website, to find current information on the membership of state councils, boards, and commissions appointed by the Governor, Lieutenant Governor, and Speaker of the House.

Search by the name of a person to view a list of an individual's current appointments.

Search by group name to find a group's creation date, purpose, legal authority, and a list of current members. The entry for a group may also include links to outside resources, such as the group's website, a history of the group, or a directory listing.
