In this post, we answer commonly asked questions about the Sunset Advisory Commission and the sunset review process.

What is sunset review?

From the Commission's [Guide to the Sunset Process](#) - "Sunset is the regular assessment of the continuing need for a state agency to exist. While standard legislative oversight is concerned with agency compliance with legislative policies, Sunset asks a more basic question: Do the agency's functions continue to be needed? The Sunset process works by setting a date on which an agency will be abolished unless legislation is passed to continue its functions. This creates a unique opportunity for the Legislature to look closely at each agency and make fundamental changes to an agency's mission or operations if needed.

The Sunset process is guided by a 12-member body appointed by the Lieutenant Governor and the Speaker of the House of Representatives. Assisting the Commission is a staff whose reports provide an assessment of an agency's programs, giving the Legislature the information needed to draw conclusions about program necessity and workability."
